

**Project 99-130:  
Goods Movement Truck and Rail Study  
Final Report**

**Prepared for:  
Southern California Association of Governments  
January, 2003**

## Contents

• Introduction	1
• Freight Transportation Overview	6
• Truck Transportation	25
• Rail Transportation	65
• Intermodal Transportation	112
• Network Comparisons	154
• Regional Trends & Changes	193
• Potential Modal Diversions	217
• VMT and Emissions Impacts	250
• Findings and Implications	260
